5  2  2 

Peaceful & quiet location with private bushy outlook is the setting for this five bedroom, contemporary, tri-level home. The living areas have polished floorboards and the lounge and family room open out onto a large covered deck - great for outdoor living and those long "Daylight Saving" summer evenings. There's a double carport for car accommodation and a storage area under that could possibly be updated for use as a home office. The garden is private & there's room for a vegie patch. A great property that is so well priced!!!
